PROFESSIONAL SUMMARY

AI & Data Science student at University of Chichester – H-Farm Campus (Microsoft partnership) with over 3 years mentoring international hackathons and educational programs. Passionate about using software engineering, data analytics, education, and space technologies/astrophysics to create positive impact. Founder and coordinator of student initiatives combining technical knowledge with leadership and scientific curiosity. Trilingual communicator with proven ability to guide diverse teams.

EDUCATION

BACHELOR OF SCIENCE IN AI & DATA SCIENCE: *University of Chichester - H-Farm Campus (in partnership with Microsoft)* | Venice, Italy
September 2025 – May 2028

- BSc awarded by University of Chichester (180 ECTS) with curriculum developed alongside Microsoft
- Integrated program in AI, data science, technology, and entrepreneurship
- Key highlights: Machine Learning, Python, Cloud Computing, Data Analysis, Power BI, Software Engineering
- Active member of multicultural student community and campus startup ecosystem

TECHNOLOGY BACCALAUREATE, ENGINEERING & TECHNOLOGY: *CIC Escola Batxillerats* | Barcelona, Spain
September 2023 – June 2025 | Grade: 8.29/10

- Technology and engineering specialization with strong STEM foundation
- Active participant in MIT&CIC Hackathons and engineering education programs

PROFESSIONAL EXPERIENCE

CONSULTANT: *Lumina Consulting Agency* | Venice, Italy | Hybrid | **Oct 2025 – Present** Student-led consulting initiative offering advisory services across Business Consulting, Media & Communication, and AI & Digital Technologies. Integrating research, creativity, and innovation to craft forward-thinking solutions that bridge generational perspectives.

EDUCATIONAL MENTOR: *MIT Edgerton Center & Fundació CIC* | Hybrid | **Jan 2025 – Present** Part of the MIT BCN Squad that organizes Engineering Workshops worldwide. Mentored students in both local and international events, guiding ideation, prototyping, and problem-solving.

Local Events:

- MIT&CIC&UPC Hackathon (Jan 2025) – Mentored multi-national teams in project development using Python, C++, and Arduino
- CIC Batxillerats' TechProjects 2025 – Taught 12th-grade students engineering process and resource utilization
- BCN Tech Projects × UPC (Aug 2025) – Guided university students through 3-day intensive engineering challenges

International Events:

- International Hackathon Mexico (Oct 2025) – Remote mentor collaborating with MIT Edgerton Center representatives across multiple countries

PRIVATE TUTOR - PROGRAMMING & MATHEMATICS: *Self-Employed* | Barcelona | **Sep 2022 – Jun 2024** Provided one-on-one support in programming (Python, C++) and mathematics to secondary school students. Adapted explanations to individual learning needs and helped students build personal coding projects.

ENVIRONMENTAL RESEARCH PARTICIPANT: *Generalitat de Catalunya* | Catalonia | **Jun 2021 – Aug 2024** Participated in environmental research camps focused on bird migration and ecosystem monitoring. Developed patience, attention to detail, and observation skills transferable to software debugging and data analysis.

TECHNICAL PROJECTS & PORTFOLIO

teoclerici.com | github.com/teo-clerk | View all projects & repositories
Various full-stack, machine learning, and embedded coding projects built with Python, C++, JavaScript, Arduino, and cloud tools (full source code, demos, and Git repositories available on site).

FOUNDER, H-ALTURA CLUB: *University of Chichester - H-Farm Campus* | Venice, Italy
Founded and coordinated a student outdoor activities club, engaging over 100 participants in community-building events promoting wellbeing, collaboration, and leadership skills.

SKILLS

Communication, Leadership & Organization:

- Public Speaking & Presentations
- Multilingual Communication (Spanish, Italian, Catalan: Native; English: B2; French: A2)
- Team Collaboration, Event Coordination, Time Management

Technical Skills:

- Programming: Python, C++, Arduino, Go (basic), JavaScript (basic)
- Data Science & Analytics: Machine Learning, Data Analysis, Data Visualization, Power BI
- Tools: Git/GitHub, Linux, LaTeX, 3D Printing, Autodesk Fusion 360
- Networking Basics: TCP/IP, HTTP, DNS

CERTIFICATIONS

Business Intelligence and Data Analytics with Enterprise Tools (Power BI) – Microsoft (2025)
Bojos per la Ciència: Inteligencia Artificial – Fundació Catalunya La Pedrera (2024)
English Language Certification – Level B2 – Cambridge (2023)
C++ Programming – Competitive Programming – Olimpiada Informática Española (2022)

LANGUAGES & INTERESTS

Spanish, Italian, Catalan: Native | English: B2 | French: A2
Interests: Nature Photography, Mountain Hiking, AI & Machine Learning, Educational Technology, Startup Ecosystem, Consulting, Astrophysics
